

A

B

- Pathways
- Amine and Polyamine Biosynthesis
 - Amino Acid Biosynthesis
 - Aminoacyl-tRNA Charging
 - Aromatic Compound Biosynthesis
 - Carbohydrate Biosynthesis
 - Carbohydrate Degradation
 - Carboxylate Degradation
 - Cell Structure Biosynthesis
 - Cofactor, Carrier, and Vitamin Biosynthesis
 - Fatty Acid and Lipid Biosynthesis
 - Fermentation
 - Glycolysis
 - Nucleoside and Nucleotide Biosynthesis
 - Nucleoside and Nucleotide Degradation
 - Pentose Phosphate Pathways
 - Secondary Metabolite Biosynthesis
 - Superpathways
